

Aved Debbarma

Data Analyst | Business Analytics | Python · SQL · Tableau · ETL

aveddebbarmaofficial@gmail.com | 9366124743 | India | github.com/aved991 | linkedin.com/in/aveddb

PROFESSIONAL SUMMARY

Computer Science & Engineering graduate, specialization in Data Science with hands-on experience in SQL, Python, and Tableau, specializing in exploratory data analysis, dashboarding, and data-driven insights. Skilled in analyzing structured datasets, identifying trends, and supporting decision-making through data analysis. Experience in building ETL pipelines, optimizing complex and advanced queries using CTEs and window functions, and developing visualizations to communicate findings clearly. GATE DA 2026 qualified in Data Science and Artificial Intelligence.

EDUCATION

Bachelors of Engineering (CSE-Data Science) - Lords Institute of Engineering & Technology, **Osmania University, Hyderabad.**
SGPA- 7.39(1st Sem), CGPA- 6.39(overall) | Oct - 2025

TECHNICAL SKILLS

- | | |
|------------------------------------|---|
| • Programming Languages: | Python, SQL |
| • Libraries/Frameworks: | Pandas, Numpy, Matplotlib, Scikit-Learn |
| • Core Concepts and Skills: | Data Analysis, Visualization, Machine Learning, Data Cleaning & Processing, ETL |
| • Developer Tools: | Git, VS Code, SQL Server, Tableau, Jupyter, Google Colab, Excel (Macros, Pivot Table) |

EXPERIENCE

Data Science Intern | Pantech eLearning [Ed Tech] | May 2023 – July 2023

- Built a machine learning model to predict house rent prices, applying the complete data science pipeline from cleaning to evaluation.
- Created visualizations with Matplotlib & Seaborn to communicate price trends across city and time variables.

Business Development Intern | PerspectAI [AI HR Tech] | Jan 2022 – April 2022

- **Organized and maintained a CRM database of 700+ contacts** to support lead-generation efforts.
- Delivered qualified leads across 4 different market segments, evaluated lead data to identify and qualify potential customers.

PROJECTS

Machine Learning App Deployment Workflow | Git, Python, Scikit-Learn, ETL Pipeline, Matplotlib | Dec 2025 – March 2026

- Designed a modular ETL pipeline for data ingestion, transformation, and inference in separate stages.
- Conducted EDA, processed and prepared datasets for downstream analytical workflows using transformation and cleaning techniques.
- Trained and evaluated 8 machine learning models and selected the optimal model based on performance metrics ($R^2 = 0.87$).

SQL Sales Analytics | MS SQL Server, CTEs, Window Functions, Data Modeling, Data Transformation | Jul – Sept 2025

- Analyzed 10,000+ sales records using SQL joins, aggregations, and window functions to explore revenue trends.
- Optimized 20+ queries using aggregations, CTEs and window functions to improve analytical workflows
- Transformed multi-table data into structured dataset and applied basic data modeling concept to **support decision-making**.
- Documented data workflows and processing steps to ensure clarity and reproducibility.

Global Video Games Sales Analysis Dashboard | Tableau, Visualization | Nov 2025

- **Built interactive dashboards** to track key metrics and visualize sale trends.
- Leveraged filters and visual elements to support data exploration and interpretation.

Investigating Netflix Movie Data | Python, Pandas, Numpy, Trend Analysis, Visualization | Nov 2024

- Extracted and analyzed Netflix movies on a dataset of **4,800+ Netflix titles across 11 features**, with a focus on films released in the 1990s.
- Segmented data to uncover patterns in **short-duration and genre-specific content**.
- Used visualization and statistical exploration to highlight key trends.

CERTIFICATIONS

- | | | |
|--------------------------------------|---|--|
| • Essentials in Data Analysis | - | Microsoft & LinkedIn Learning |
| • SQL, Tableau, Python | - | DataCamp, HackerRank |
| • Data Science Workshop | - | IIT Hyderabad |

ADDITIONAL INFORMATION

- **GATE DA 2026 Qualified** (Data Science and Artificial Intelligence).
- Strong foundation of data cleaning, data processing and analytical workflows.
- Experience with end-to-end data pipelines (ETL → analysis → insights).
- Extracurricular Activities - Club Lead at **Rural Development Club** under Ministry of Education, Govt. of India.
